

Lučištníků Apartment Buildings

“ Luxury family apartments for CENTRAL GROUP development company ”

The project, which is officially called Rezydence Radlické výhledy, consists of 6 apartment buildings and offers a total of 110 luxury apartments with layouts up to 4+kk (4-room apartments with a kitchen unit). The apartment buildings are connected in groups of two by a basement with parking spaces. Each building also has another separate underground floor with storage cubicles. There are a total of 36 apartments in each of the AB and EF buildings, while the CD building offers 38 apartments. From the structural point of view, the buildings have 2 underground and 4 above-ground floors with RC slab foundations. While the load-bearing structure on the lower above-ground floors is made of RC, it has been replaced with POROTHERM ceramic blocks for the higher floors. The facade design us...
