

Pražská Brána – Apartment Buildings A1 & A2

“ Pražská Brána is the last stage in the construction of 400 new apartments in Olomouc’s Pražská neighborhood. ”

The project included building two apartment buildings along with the related MEP, paved routes, waste management, parking, playgrounds, and park landscaping. The construction also included digging through a protective embankment. This is the last stage in the construction of apartment buildings in the Olomouc neighborhood of Pražská. This construction has been preceded by the completion of 4 apartment buildings. The apartment buildings have been designed with 8 and 9 floors, respectively; the ground floor contains entry spaces, cellar cubicles, and technical facilities for the apartments. Moreover, garages are located in the ground floor of Building A1. The other floors are comprised of a communal hallway with apartments ranging in size from studio to 4 rooms plus kitchen. The larger ...
